

Announcement no 1

*Progress in Rehabilitation
– from research to clinical practice*

Rok założenia 1946

FACULTY OF PHYSIOTHERAPY
UNIVERSITY SCHOOL OF PHYSICAL EDUCATION IN WROCŁAW
2014

Ladies and Gentelman

The Faculty of Physiotherapy in University School of Physical Education in Wrocław has the honour of inviting you to the participation in the Conference 9th Days of Physiotherapy. The conference will take place in Wrocław, Poland on 12th - 13th of June 2015.

The aim of the Conference is to promote the latest developments in rehabilitation of specialists in medical science, physical education, health and social science.

We expect about 200 participants from Poland and abroad – eminent specialists in rehabilitation and physiotherapy, cosmetology, occupational therapy, clinicians, researchers in the field of health science as well as students from different Universities.

The studies will be presented in thematic sessions in the form of oral presentations and posters exhibition. Each session will be preceded by a keynote lecture provided by an expert in the field.

We also plan to carry out workshops of cosmetology, psychomotorics and physiotherapy.

invited
guests

Professor

Maria Stokes

*Faculty of Health Sciences,
University of Southampton, Great
Britain.*

Author of research articles in
healthy ageing, movement analysis in
musculoskeletal system dysfunction.

Associate Professor

Hong-You Ge

*Center for Sensory-Motor
Interaction, Aalborg University,
Denmark.*

Author of research articles in the
field of diagnostics and therapy
of myofascial pain and neurophysiology.

Session topics

Basic research knowledge in discovering the diseases mechanisms
and the effects of the therapy

Diagnostics and therapy of pain in musculoskeletal system

Mechanisms of motor and cognitive dysfunction in neurological disease and
different therapeutic approach to neurological rehabilitation

Application of various forms of physical activity in preventing degenerative
