

My EU Consulting is a consulting firm based in Brussels which is helping young companies with a strong scientific background, raise money for their R&D and commercial scale-up activities.

We are interested in potential trainees under the Erasmus+ programme for the next year with the below characteristics:

- Preferably in the ultimate/penultimate year of their studies
- Ideally completed a STEM Bachelor's degree.
- Currently enrolled in his/her Master's in Business or Finance.
- Located in Brussels or remotely
- Additional allowance upon discussion
