

Internship in Software Development or Customer Service (INTERN-24a)

Location: Kato Scholari, Thessaloniki, Greece

Your steppingstone to a great career! Join our successful global team

BETA CAE Systems is a rapidly growing software and services company, with a 30-year history in the domain of engineering simulation. With a global presence, we are pioneers and innovators in computer aided engineering. Pursuing our vision, we are continuously seeking for motivated, talented, dynamic, energetic, bright, and hard-working students and recent graduates to join our internship scheme.

Get ready to take the opportunity to work closely with our teams, learn and evolve!
We are looking forward to receiving your application.

The timeframe

- **Internship Start Date:** **approx. 01/04/2024**
- **Internship End Date:** approx. 30/09/2024

The internship (in Software Development or Customer Service teams)

During your internship, you will:

- be a member of an international team,
- get training and experience in our software products suite,
- gain deeper knowledge in FEA and CFD solvers,
- explore computational engineering applications,
- undertake a short-term project,
- gain experience in writing code and documenting,
- receive peer reviews,
- interact and share opinions with experienced professionals.

The duration of the specific internship is **6 consecutive months**, a period required for anyone to have proper training on our software, to have time to absorb the knowledge gained, to take part in projects to apply that knowledge, and experience our BETA-team family life.

The applicants

Undergraduate (AEI or TEI) and Postgraduate students in relevant fields (Mechanical Engineering, Civil Engineering, Aeronautics, Marine Engineering, Electrical Engineering, Computer Science, Informatics, etc.), towards the end of their studies (i.e. recommended to have

completed at least the 6th semester), or graduates that have recently completed their degree (within the last 6 months at most).

Good knowledge of speaking, reading, and writing in English will be proved necessary. Fulfilled military obligations for male applicants is not a prerequisite.

References

References are optional but valued. They shall be sent directly by your Referees via email to hr@beta-cae.com.

Sponsorship

- The 6-months internships are paid.
- For students in universities based in Greece, the period of the internship will be combined, whenever possible, with the standard Traineeship (2-3 months of “Πρακτική άσκηση μέσω ΕΣΠΑ”) of their studies.
- Applicants that are not eligible for an internship via “ΕΣΠΑ” can also apply.
- Transportation by company bus to/from the company’s premises is provided.
- Free breakfast, lunch, coffee and snacks.
- Gym in company premises.
- Free parking area.

We would gladly receive your application at: <https://careers.beta-cae.com/>.
