

Selecta one is a world-leader in breeding, producing and marketing of vegetatively propagated ornamental plants. Our breeding activities include bedding and balcony plants, pot plants, perennials and cut flowers. With fourteen breeding, production and distribution sites the corporate group serves all relevant markets worldwide.

For our headquarters in **Stuttgart** we are looking to strengthen our team as soon as possible with a

Application Manager (m/f/x)

Your tasks:

- Operation, maintenance and further development of IT systems - e.g. DMS systems, PIM, subject-specific e-commerce systems and the Microsoft 365 applications
- Application Lifecycle Management for the assigned applications
 - Planning and implementation of adjustments, extensions and upgrades
 - Clean-up of applications no longer in use
 - Documentation on the implemented applications
- Participation in the strategic and technical development of IT systems
- Organisation and implementation of training for key users
- First and second level support, as well as central contact point for other departments for special technical questions

Your qualifications:

- Successfully completed academic studies in IT management, business informatics, training as a specialist information scientist or comparable education
- Professional experience in system support or in application operation
- Professional and methodical competence in fault analysis, documentation and support
- Understanding of the interaction of business processes and IT
- Experience in SQL, php, or a comparable programming language is desirable
- Very good written and spoken English skills
- Good communication skills, good comprehension and strong analytical abilities
- High intercultural and social competence, willingness to travel

We offer:

- A position with creative freedom as well as excellent personal development opportunities within our internationally positioned group
- A modern, safe and international working environment
- Flexible working hours; attractive compensation with additional benefits
- A motivated and multicultural team in which sustainability, innovation and stability count
