

ROLCO-BIANIA S.A. is the largest Greek detergent and soap manufacturer.
As part of its regional expansion strategy is searching for a:

DEMAND & PRODUCTION PLANNER

This is an exciting and demanding career opportunity for a fast track young person who is looking for the challenge of joining the Operations Team of a top Greek Manufacturing company with an international business orientation.

Major Responsibilities:

- Coordinate supply from all sources of manufacture: including factory, 3rd Party manufactured and bought-in finished goods
- Schedules the Finished Products requirements and prepares the production schedule in order to meet customer demand
- Executes the materials requirements planning (MRP) and ensures availability of raw & packing materials for production scheduling
- Ensures the timely execution of production schedule by utilizing resources and machinery equipment
- Tracking of inventory records and control of inventory levels
- Generates reports for performance evaluation (adherence, stock levels etc)
- Prepares, contributes and fully attends daily meetings with all parties involved regarding production issues.

The successful candidate should have:

- A technical university degree preferably in mechanical/chemical engineering.
- A postgraduate degree will be regarded as an asset
- Excellent knowledge of the English language
- Strong communication and analytical skills
- Results oriented and problem solving skills
- Computer literate
- Previous relevant working experience of 1-2 years in a well-organised industrial environment is essential
