

## **Front-End / Back-End Developer - RD007**

### **Location: Thessaloniki**

SEEMS PC, a Greek start-up focused on IoT solutions development employing Artificial Intelligence techniques, is looking for a highly-motivated Front-End / Back-End Developer who has strong interpersonal skills and the ability to solve complex problems. As a Front-End / Back-End Developer, you will join our software development team to implement challenging R&D projects.

### **Responsibilities**

- Designing, coding, unit testing, and debugging with focus on usability and performance
- Cooperating with the development team
- Writing clean, maintainable, efficient and reusable code and libraries
- Providing optimization ideas to achieve speed and scalability
- Keeping up with emerging technologies
- Providing solution to real-world problems
- Proposing ideas for additional products, techniques, tools and services
- Troubleshooting and supporting existing products and infrastructure

### **Requirements**

- BSc / MSc in Information/Computer Science, Software Engineering or equivalent
- Strong programming abilities in OOP (Java or/and .NET)
- Strong skills in MVC, JSON
- Experience in NoSQL or SQL databases (Oracle, MSSQL, MongoDB)
- Experience on code versioning tools, such as Git
- Familiar with fundamental design principles behind a scalable application
- Experience in designing and developing RESTful APIs
- Experience with UI/UX Technologies
- Experience with HTML5, CSS and Bootstrap
- Excellent use of English language
- Completed military obligations (for male candidates)

### **Considered as a plus:**

- 2+ years of experience in developing software applications (desktop, mobile, web)
- Knowledge of cloud computing (AWS, Azure, etc.)
- Knowledge of Entity Framework

- Skills in building apps for the Android or/and iOS platform
- Experience with Big Data technologies (Hadoop, etc.)
- Knowledge of German Language

### **Benefits**

- Working environment which inspires team spirit and cooperation
- Enthusiastic and open-minded multidisciplinary team
- State-of-the-art tools, libraries and technologies
- Cooperation with the greatest R&D organizations and institutions
- Training opportunities for continuous personal improvement

If you strive for innovation and want to work with state-of-the-art technologies join us! Send us your detailed CV, at [hr@seems.gr](mailto:hr@seems.gr), quoting reference: (RD007).
