

Clinical Fellow in Respiratory Medicine

North London, UK

Synergy Medical, a 2016 NHS awarded supplier, is excited to be holding interviews for international doctors who are already in the UK or are planning to make a move this year. **We are looking for a Clinical Fellow in Respiratory Medicine.** If you are looking for a new professional adventure and want to hear about the career opportunities we can offer, this is where it starts!

About the Hospital

Our client is one of the largest acute trusts in the country and the biggest provider of acute healthcare services in NHS North East London and the City (NELC). Their dedicated workforce of 6,500 staff and volunteers serve our local population of around 750,000, from a wide range of social and ethnic groups.

The respiratory department is an active and forward looking team composed of eight consultants and four respiratory specialist registrars. Bronchoscopy, EBUS and Sleep apnoea services are provided at one of the 2 main hospitals of the Trust, and all respiratory in-patients are located on a 60 bedded respiratory unit at the other hospital. There are 30 beds each wards, with capacity for up to 6 NIV patients on each ward. The Trust receives over a thousand referrals for suspected lung cancer and diagnose over 300 cases of lung cancer annually.

This post will give an excellent opportunity to gain experience in Respiratory Medicine including Lung cancer, pleural clinics, Thoracic ultra-sound, Bronchoscopy and EBUS. The National optimal pathway is being introduced to meet the waiting time targets as set out in the Independent Cancer Taskforce report. In the face of the increased referrals and lower conversion rates, a triage process is being introduced to reduce the cost whilst supporting the drive to improve early diagnosis rates. This post holder will be actively engaged in this triage process under the supervision on a consultant.

This post has no on call commitments; however the candidate will have opportunity to work with the In-House Bank to participate in the Acute General Medicine on-call.

The hospitals within this Trust are in excellent locations close to Central London. In addition to the advantages of being close to Central London, the Trust has on-site nursery facilities, excellent residential accommodation for rent or purchase while there are very good schools locally.

Hospital Benefits

- Salary: £30,302 - £47,175 depending on professional experience
- Occupational Health and Wellbeing service
- Competitive pension
- An initial guaranteed annual leave entitlement of 27 days (pro rata) rising to 33 days (pro rata) after 7 years' service
- An onsite nursery with discounted prices for staff members - please see the attached information pack for further information.
- Applications from job seekers who require Tier 2 sponsorship to work in the UK are welcome and will be considered alongside all other applications.

Working with Synergy Medical

- You will have first-class access to a variety of work opportunities depending on the geographic area you prefer, whether you are an overseas doctor or based in the UK or Ireland, we are dedicated to finding you the perfect opportunity.
- You will receive support throughout your GMC registration to make your experience as smooth as possible
- Relocation packages
- You will be guided through your compliance requirements and appropriate referencing

You will need to

- Meet the registration requirements / Be registered at the GMC
- Have a high level of English and excellent communication skills. If you are not registered in the UK, you will have to be able to sit the IELTS exam asap.
- Be ready to travel and make the most of this brilliant experience!

We'd love to meet you!
