

Specialty Doctor in Cardiology

South East England, UK

Synergy Medical, a 2016 NHS awarded supplier, is excited to be holding interviews for international doctors who are already in the UK or are planning to make a move this year. **We are looking for a Specialty Doctor in Cardiology interested in a permanent position.** If you are looking for a new professional adventure and want to hear about the career opportunities we can offer, this is where it starts!

About the Hospital

Our University Hospital NHS Foundation Trust is a Teaching Hospital, linked to the London University and is also the Cancer Centre for South Essex which is part of the Essex Cancer network. This busy DGH serves a population of 338,800. They currently employ about 4,500 wte staff with a total complement of 190 Consultant staff.

The Department of Cardiology consists of 5 Consultants, with variable special interests. There is a strong link with Essex Cardiothoracic Centre where tertiary services of PCI and surgery are provided. Each Consultant also has weekly commitment at the Cardiothoracic Centre. Cardiology is managed with an 11 bedded CCU and 19 bedded ward. Two FY1 and one FY2 doctor provides daily management of patients with supervision from a Speciality Doctor/SpR and a Consultant on a weekly basis.

The Department provides state of the art facilities to perform a wide range of diagnostic investigations, including invasive coronary angiography, pacemaker implantation and ICD implants and follow up. The Department has fully established services for Nuclear Cardiology, CT based coronary angiography and advanced echocardiography including TOE and stress echo's. Several specialist Nurse lead clinics are in place.
