An Asset Management firm is seeking a highly motivated professional willing to follow a challenging career as:

Certified Securities Analyst

Reporting to the Managing Director, the candidate will:

- Be responsible for equity research and analysis in Greek and International Markets.
- be responsible for preparing investment recommendations to the investment committee
- participate in elaborating investment strategy

Essential qualifications include

- university and post graduate degree
- relevant work experience of 2-3 years, preferably with a bank, or an Investment firm
- strong skills in fundamental analysis
- fluency in Greek and English
- Certified by Hellenic Capital Market Commission

Remuneration package will depend on experience and qualifications.

All applications will be reviewed in confidence.
