We are looking for a talented

WEB DESIGNER (part - time / freelance)

The ideal candidate should have an eye for clean and artful web design.
They should also have superior user interface design skills. The successful candidate will be able to translate high-level requirements into interaction flows and artifacts.
They will be able to transform them into beautiful, intuitive, and functional designs.

- Execute all visual design stages from concept to final hand-off to engineering
- Conceptualize original website design ideas that bring simplicity and user friendliness to complex roadblocks
- Create wireframes, storyboards, user flows, process flows, and site maps to communicate interaction and design ideas
- Present and defend designs and key deliverables to peers and executive level stakeholders
- Establish and promote design guidelines, best practices, and standards
- Proven work experience as a web designer with a strong portfolio
- Proficiency in Photoshop, Illustrator or other visual design and wire-framing tools
- Ability to solve problems effectively and creatively
- Up-to-date with the latest Web trends, techniques, and technologies

REQUIRED EXPERIENCE:

- Web & Digital Design: 6 years
