

### **GERMAN COMPANY looking for developers**

We develop pioneering business intelligence software solutions for holistic enterprise management. With our solutions, we enable management and controlling to analyze and optimize business models and business processes. In doing so, we rely on all digital company data and transform it into a holistic management system. As a successful international company, we continue to move on an expansion course.

Are you looking for an exciting task in the field of software development in a young team?

We are looking for reinforcement at our German location in 94330 Salching, Bavaria.
