Digital Art Designer

Recipe is actively looking for candidates to propose for in-house work to a company.

JOB DESCRIPTION

The digital graphic designer's role is to participate in the overall process of creating suitable concepts, visuals, logos, illustrations, photos, etc., that meet the company's strategic needs.

You should be able to have an accurate creative rationale in mind before proceeding into creating your visual concepts and be able to communicate those to the whole marketing team.

Being part of a strong, flexible team of professionals that wish to establish the brand as top in it's field will require teamwork, positive spirits and a level of enthusiasm that the whole company shares.

REQUIRED SKILLS

- Strong portfolio with a minimum 2 years' of working experience
- Knowledge of Illustrator, Photoshop and other visual design tools
- Knowledge in creating gif and SVG files
- Proven skills on UI and UX experience
- Ability to create materials suitable for on-site use, keeping in mind users' journey
- Able to meet strict deadlines without compromising creativity and goals set
- Up-to-date with the latest trends, techniques, technologies and creative tools
- Understanding sports - not necessarily a sports enthusiast but basic understanding is a must
- Previous experience in betting industry is not mandatory but will be considered a plus
