

**BUREAU  
VERITAS**

### **BUREAU VERITAS CYPRUS LTD**

Invites competent Cypriot candidates interested in applying for a position as Marine Manager for the Marine office in Cyprus.

Applicants must possess the following requirements as minimum:

Either a University Degree in Naval Architecture and/or Marine Engineering and five years of practical experience in Shipping Companies with knowledge related to Classification.

Or, First Class Diploma as Marine Engineer with a minimum of three years' experience onboard as Chief Engineer and in addition, three years' experience as Superintendent Engineer with knowledge related to Classification.

Excellent command of the technical English language and IT tools.

The position will be subject to a six month probation for which a fair remuneration may be expected. The position will require an internal training period, during which travelling is to be expected.

The selected candidate after various trainings will be in the position to perform any kind of surveys & system audits, locally in Cyprus, and abroad.

Interested persons are to send their complete typed CV with picture and references to the attention of the Regional Chief Executive of Hellenic & Black Sea Region, resident at Piraeus.
