Stand Up for Ukraine!

#Erasmuswithoutrussia

This smiling Ukrainian stays a student of Taras Shevchenko National University for ever....
Another Ukrainian was killed just because of the EU flag on his keys lace...

- More sanctions required against the russian federation and belarus, including academic cooperation and research at individual level!!!
- Ukrainians are defending the identity and values strongly, protesting in front of tanks and guns in the cities under invasion vs russians benefiting from the opportunities abroad!!!
- 280 rectors of universities in the russian federation signed a letter in support of the russian aggression against Ukraine – benefited from EU's Programmes!
- russians who behaved unhuman torturing Ukrainians, raping and kill women and kids were educated in the period of Bologna Process implementation in russia and active support of EU to russian universities, staff, students and young people!!!
- *EU funded Programmes impact on russian higher education and youth since 1993 must be initiated: investment into people2people contacts, quality of the European Studies etc..*

Over 2700 cruise missiles were targeted by russians to the Ukrainian territory recognised by the international law!!!

Sanctions

School graduation in Ukrainian
Kharkiv 2022.

Would you like that your kids
have such memories of their
important days?

Sanctions - #Erasmuswithoutrussia – at the [link](#), projects with russia and belarus are terminated

The cooperation with their organisations funded by the state budget is NOT eligible

The individual opportunities for russians/belarusians*

are still eligible though such opportunities are based on the interinstitutional

cooperation which is NOT eligible by the European Commission sanctions!

Based on its Academic/organizational Freedom it is up to the Erasmus Universities and other organisations on how to apply it, please do the right choice – choose Ukraine, we are defending the future of Europe!

Stop recognition of russian diplomas, they are not in Bologna Process any more!

PLEASE NOT provide similarities via joint **support** platforms for Ukrainians, Russians, and Belarusians: do not equal those suffering from a bloody war with those whose **governments directly support war and terrorism** – ‘victims of war’ ≠ ‘victims of totalitarian regime’.

Ukrainians are not refugees – not refused by our country... but temporary relocated/protected

Erasmus+	
KA131 Staff/student mobility in HE	<p><u>Eligibility rules for participants coming from Ukraine</u></p> <ul style="list-style-type: none"> For students: being enrolled in a Higher Education institution (HEI) at the moment of fleeing Ukraine due to the Russian aggression. For recent graduates: having graduated from a HEI in Ukraine within maximum 12 months before the moment of fleeing Ukraine due to the Russian aggression. For staff: being employed in a HEI in Ukraine at the moment of fleeing Ukraine due to the Russian aggression. <p><u>Eligible activities</u></p> <ul style="list-style-type: none"> The activities have to take place at the beneficiary HEI. In cases when, due to the war, the sending organisation cannot be involved in the activity, the beneficiary HEI is the only HEI involved in the organisation of the mobility, except for traineeships outside of the HEI. For students: mobility for studies and mobility for traineeships. For traineeships this also includes traineeships for recent graduates (the term students will include them in these special provisions. In these cases, the beneficiary institution has to arrange the traineeships. The trainees are hosted either at the beneficiary HEI or, in a non-HEI organisation in the same country (using the KA107 learning agreement for incoming trainees). In the latter case, the traineeship mobility is to be funded by the beneficiary HEI. For staff: mobility for teaching (including invited staff from non-HEI organisations) and mobility for training. <p><u>Application</u></p> <ul style="list-style-type: none"> Participants apply directly to the beneficiary HEI in or through which they would like to undertake a mobility. <ul style="list-style-type: none"> There is no need for an inter-institutional agreement. There is no need for nominations The learning agreement/staff mobility agreement is signed only between the participant and the receiving institution (plus with the traineeship hosting organisation if it is not the HEI). The beneficiary/receiving HEI can allow enrolment on a rolling basis with no nomination deadline

Recommendations:

Encourage the Ukrainian students and staff to contact their home universities or Erasmus+ office Ukraine in order to conclude the formalities in any case!

It will help with further recognition issues! Support to staff to teach for home university!

Encourage students to study in parallel at their home University online!

Buddy system, ESN support would be real help to adapt faster!

Help the students to contact their home university!!!

Challenges for cooperation under Mobility Projects

Life-safety
Water, food
Sheltering
Access
Computers
Communication
Internet

- To find contact information of the HEIs to discuss support needed
- Force Majeure Circumstances: suspend or continue with redesigning
 - urgently inform your project coordinator & officer
- Contact NEO – Ukraine, put in copy during correspondence, we are here to help!!!
- Staff safety, activities delays, changes, damages, new workplan/ activities etc.
- Payments delay, state treasury and banks issues etc. However changes to Regulation adopted already to allow limited payments under the projects – [New Regulation at the link](#)
- To receive the permission from the management for staff&students mobility
- To apply flexibility within Ukrainian HEIs:
 - updates for the Internal Regulations on the International Cooperation/Mobility is required

- Recognition by the EU universities of prior study or belonging to the university without the documents which were lost/destroyed during war/ recognition for mobility periods
- Study or Traineeship for 1st year students, longer period of semester 4th year students

The Cabinet of Ministers of Ukraine Regulation № 264 dated as of 12/03/2022 (<https://zakon.rada.gov.ua/laws/show/264-2022-%D0%BF#Text>) regulated exceptions which include among other things: "... students for studying abroad in full-time or dual forms of education; people with disabilities and accompanying persons..." Video - <https://fb.watch/dfCkWr1BYq/>*

They need to have obligatory the military center certificate about the reason why they are not at the military service.*

Steps to do

- Map the need of the support: staff, students, institution
- Discuss with current projects teams what can be done within their activities
- What should be redesigned and apply to EACEA, NA or partners for approval (put NEO in copy)
- Formulate the needs into the short projects up to 2 pages: objectives, activities, outcomes, partnership, resources required
- Prepare the e-letter to the partners – existing or new
- Ask what are the opportunities within and above Erasmus+
- Send the letters and agree on the virtual/physical meetings to discuss
- Share you university needs with your staff and students who are abroad to promote these ideas widely in their universities and others in the city
- Request your staff abroad to organise a project writing together with their host partners universities to apply for Erasmus+, Horizon Europe etc. (or proposal writing trainings).
- Contact NEO – Ukraine for (group) consultation to work out on the proposals with concrete ideas.
