

Beyond 'English as a Medium of Instruction' (EMI)

Old challenges, new competences

Padua, February 1-5, 2016

Aim

The course offers a professional development program concerning the major issues and challenges involved in teaching non-linguistic academic subjects using English as a medium of instruction.

Participants

Higher education lecturers and professors who teach, or will teach, non-linguistic academic subjects through English.

Specific Topics

- Integrating language and content in higher education
- Dealing with international students
- Learning resources, visual literacy and learning in a foreign language
- Pedagogical considerations and support strategies for teaching in a foreign language

Where

Department of Developmental Psychology and Socialisation, University of Padova, Italy
